

PIG Term 1 - Learning Leaflet

Numeracy

Our focus will be on numbers 1 - 10. We will learn how to recognise, order and form these numbers.

We are also learning about pattern and positional language
e.g. up, down, on, behind.

A class calendar will also be used to keep a note of important dates and events.

Literacy

We are learning about the sounds a, t, s, i, p, n, r, m, d, e, c, k, ck. We shall look at the sound each letter makes, its name and its place in the alphabet. We shall work on good writing habits and correct pencil grip as well as letter formation.

We shall introduce the children to the Oxford Reading Tree reading scheme - including the main characters and basic vocabulary.

Health and Wellbeing

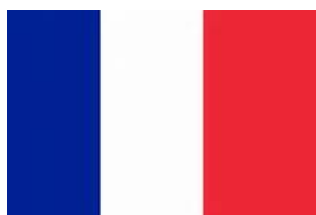

This term we shall create our class charter and become familiar with the rules and routines of the school.

We will use the "It's Good to be Green!" materials to promote good behaviour in the class and playground.

In P.E. - with Miss Cockburn - the children will develop their ball skills and work on co-operating with a partner or as part of a team. With the class teacher the children will explore spatial awareness and try different ways of moving around the gym. Outdoor areas will be used when possible.

As you know gym will be on a Tuesday and Wednesday.

Learning Across the Curriculum

Our topic will be "At School". We will visit many areas of the school and be introduced to the people who help us in school.

We have science with Mr Cole-Hamilton twice a week.

In French your child will be introduced to basic greetings and the numbers to 10.
