

Learning Leaflet P3

Term 2 2017-18

Numeracy

In Numeracy we shall continue to explore methods of adding two digit numbers, including mental recall and written methods. We shall also be learning more of our tables, including the 4x table.

In other areas of Maths we shall continue to expand our understanding of time, and telling the time accurately. We shall also look at the mathematical language of shapes and begin to learn about money to £20. We shall use I-pads to support our learning where appropriate.

Literacy

We shall build on our work from Term 1 by using interesting adjectives and openers in our extended writing. We shall also continue to revise the use of capital letters and full stops, and the structure of sentences. We shall introduce the use of commas in lists. In Reading we shall continue to use Active Literacy, but shall also introduce Guided Reading and Book Detectives.

Health and Wellbeing

We shall continue to use It's Good To Be Green to promote positive behaviour and good choices.

We shall explore Road Safety and being safe at night, as days are now shortening.

In P.E. the children are learning tennis skills and large ball skills. We shall also learn some Scottish dances for their upcoming Christmas party.

Interdisciplinary Learning

This term we shall be exploring Celebrations, including Autumn Festivals, St Andrew's Day, Hannukah, Advent and some other, more unusual celebrations around the world. We shall continue to develop the children's understanding of French, including some cultural and Christmas themed activities. In Science, the children will investigate Electricity with Mr Cole-Hamilton

Weekly Activities

Tuesday – all homework given out, Science (Mr Cole-Hamilton), P.E.

Wednesday - Science (Mr Cole Hamilton)

Thursday – P.E. (Mrs Hunt)

Friday – Café Awesome, Assembly, Masterclass
