

Learning Leaflet P3

Term 3 2017-18

Numeracy

In Numeracy we shall revise methods of adding two digit numbers and introduce subtraction of numbers to 100. We shall explore ways of doing this mentally and in written form, including column subtraction (chimney sums) with exchange.

We shall expand our knowledge of times table to include the 3x table and practise using our tables to solve multiplication problems.

In other Maths we shall complete our exploration of shape and money. We shall also find out about number systems, patterns and symmetry through our Cross Curricular Learning.

We shall use I-pads to support our learning where appropriate.

Literacy

We shall build on our work from Term 2 by expanding our use of openers and connectives in our extended writing. We shall also extend our knowledge of punctuation by learning about exclamation marks and speech marks. We shall continue to use Active Literacy to introduce new sounds and for spelling, but shall also continue to make use of Guided Reading activities during reading. We shall also take some time to explore the Scottish language this term through poems and stories.

Health and Wellbeing

We shall continue to use It's Good To Be Green to promote positive behaviour and good choices. We shall re-examine our class charter to make any changes we feel are necessary.

In P.E. there shall be a focus on gymnastics and keeping fit. In Health and Wellbeing we shall investigate our bodies and what we need to stay healthy.

Cross Curricular Learning

This term we shall be finding out all about Ancient Egypt and the Ancient Egyptians.

Weekly Activities

Monday – Science (Mr Cole-Hamilton)

Tuesday – all homework given out, P.E.

Wednesday - P.E. (Mrs Hunt)

Thursday – Science (Mr Cole Hamilton)

Friday – Café Awesome, Assembly, Masterclass, all homework due
