

P1/2 Learning Leaflet

2017-2018

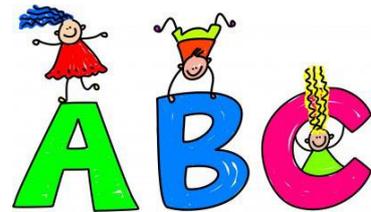

Term 3

Numeracy

Throughout term 3, we shall be focussing on a range of different mathematical areas. We will be starting with 2D and 3D shapes and their properties. This will be followed by money, data handling and time. We shall continue to work on number skills, addition and subtraction for one lesson a week and this will be reinforced with homework every second week.

Literacy

P1

We will be revising all 26 letters of the alphabet, ensuring that they can be recognised and written. Once this is complete we shall be moving on to learn some diagraphs, qu, sh, th, ch, wg, ng, oo and ee. We shall also be introducing the spelling of some tricky common words.

P2

We will be moving on to learning more sounds including ou, igh, y and all the magic e sounds. We shall be learning different words with these sounds, using our phonetic knowledge to spell them and this will be reinforced through homework.

Whole Class

We shall be focussing a lot on the development of our listening skills throughout all lessons. There will also be a focus on developing more independence in our writing, using all the different strategies to help us when we need it. This will be reinforced by our '5 stars to writing' (capital letters, full stops, finger spaces, neat writing and making sure it makes sense.)

Health and Wellbeing

When shall continue to focus on 'It's Good to Be Green' to provide a structure for good behaviour. This shall be reinforced with the use of our class Dojos system, where points can be earned for a variety of things.

Our gym sessions this term will be on a Monday morning (Miss Newton) and a Friday morning (Mrs Hunt). On Monday mornings we will be looking at building up our fitness and the importance of staying fit and healthy. This will be worked upon back in class where we shall work on how to keep a healthy diet. On Friday mornings, Mrs Hunt will be focussing on gymnastics.

Later in the term, we shall start doing a mile a day. This will be ten minutes out of each day for us to for the whole class to walk, run or jog a mile. This will help us to work on the social, emotional, physical and mental wellbeing of everyone in the class.

Through our topic, we will be looking at a variety of different emotions and the ways that they can affect our behaviour. We shall also look at who we can talk to when we need to, at home and at school.

Learning Across the Curriculum

Our topic this term will be Monsters. Throughout the term will be reading a wide range of different monster stories and using these as a stimulus for looking at different. This will be an Expressive Arts based topic where we shall be doing a lot of work on art, music and drama. We shall also be incorporating health and wellbeing, by looking at different emotions throughout all the stories, and we shall be incorporating a variety of various aspects of literacy, including using adjectives when describing monsters and reading a number of rhyming books.

We shall be doing revision on previous French knowledge and this shall be built on through the term, including greetings, numbers, colours and some foods.
