We did....

- Developed a Curriculum Rationale – outlining the learning experiences and opportunities your child will receive at New Machar school. This is on our website for all to read.
 - Developed new, local, learning contexts for classes/stages to focus on
 - Sent a letter out to connect with local businesses/establishments to develop stronger community links
- Increase the opportunities for parents to engage with the curriculum through whole school homework tasks, future open afternoons/evenings and Interactive Learning Diaries (ILD's)
- Increased awareness of the school values – these are seen on the school website, newsletters and in all our classes.
